LANTERNS IN MODERN AND TRADITIONAL DESIGN FOR YOUR HOUSE AND GARDEN

NORAL®

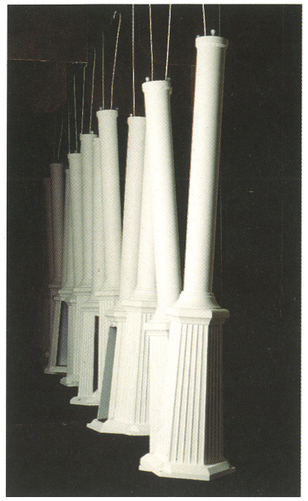
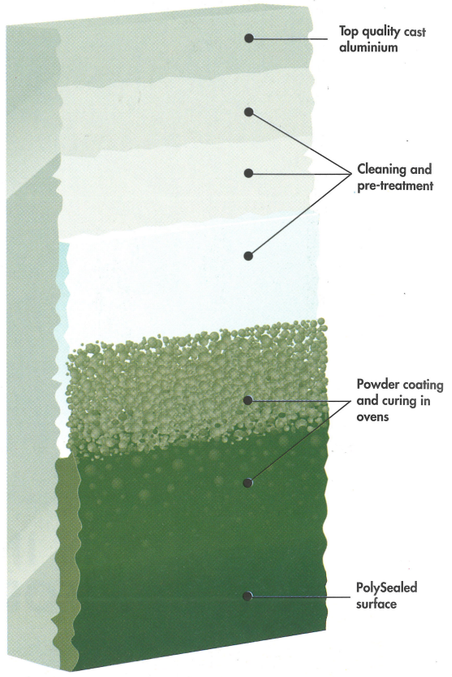
CHOOSE GENUINE NORAL

There´s something special about a garden illuminated by lanterns. There´s a feeling of light and warmth about it that´s particularly inviting, welcoming and secure, and that keeps unwelcome guests at distance. When you choose lighting for your house and garden, be sure to choose genuine Noral that will provide light in all weathers, year in, year out.

POLYSEALED, CAST ALUMINIUM FOR EXTRA LONG LIFE

All Noral lanterns are cast in aluminium and then PolySealed. In our modern production plants, surfaces are treated stage by stage, to produce a protective skin that combines long-lasting resistance against corrosion with an elegant appearance. You can be sure that your outdoor lighting will continue to be just as beautiful, year after year.





LOW ENERGY LIGHT SOURCES

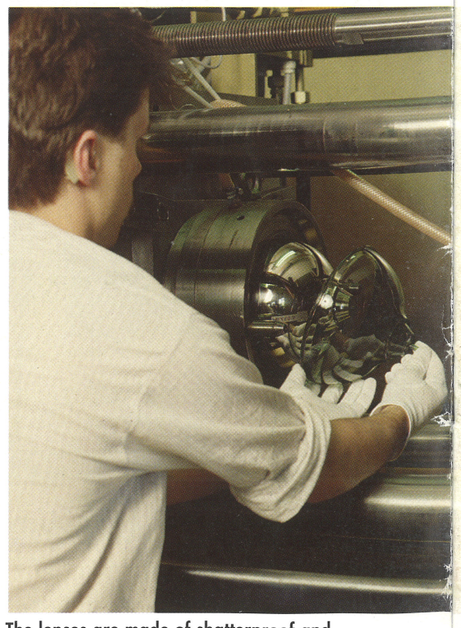
Several Noral luminaires are available for use with incandescent or low-energy compact fluorescent tubes. Most of them can also be used with E.S. fluorescent lamps with internal control gear. Ask your installer or distributor for more information!

INTERNATIONAL APPROVALS:

CCA ⓃⒹⓈⒻⅈ entspr. VDE-711 Ⓤⓛ DLA-U.K. ⓈⒻ ⓋⒹⒺ CE

We recycle 99% pure aluminium and manufacture the lanterns in a low-energy process.

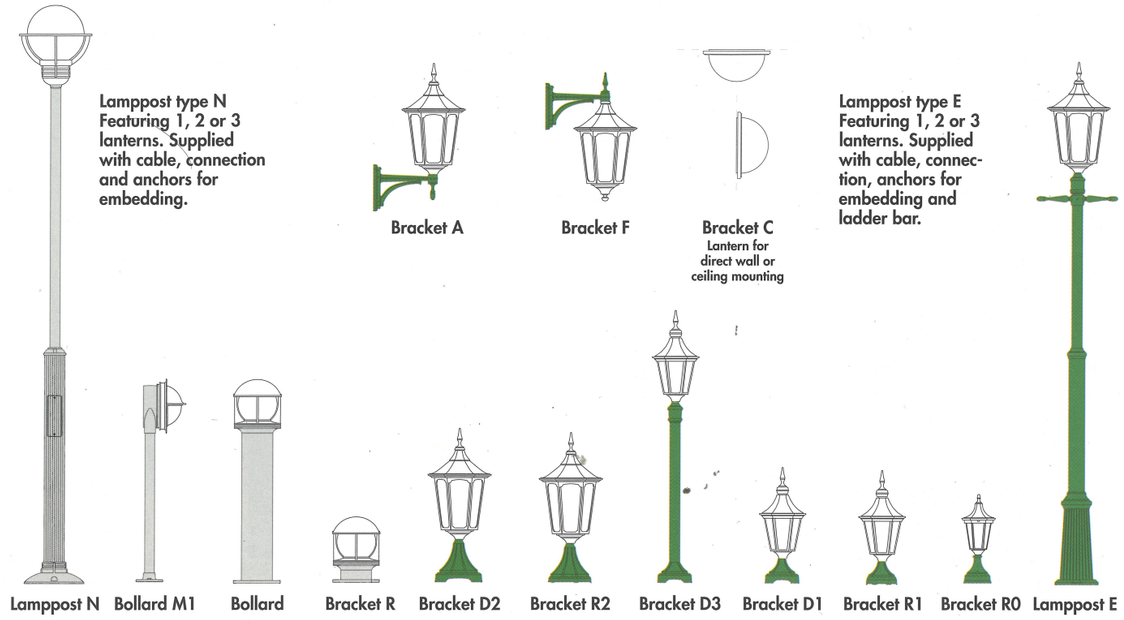
The PolySeal-method involves several stages. The polyester coating is baked into the aluminium and protects the lanterns against corrosion.



The lenses are made of shatterproof and vandal resistant polycarbonate in one piece, giving a better seal and less maintenance.

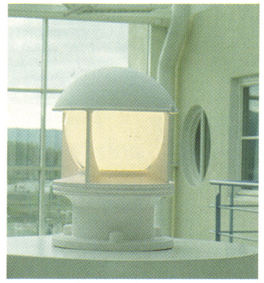
NORAL HAS THE RIGHT FITTING

The wide range of brackets makes it easy to choose lighting exactly suited to your house and garden.



CHOOSE THE RIGHT COLOUR FOR YOUR HOUSE

All lanterns are available in black and white. The lanterns in traditional design are also available in patinated green.
See details on the following pages.

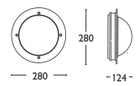


RIO R
Small bollard
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white

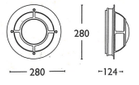
RIO
High bollard
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white

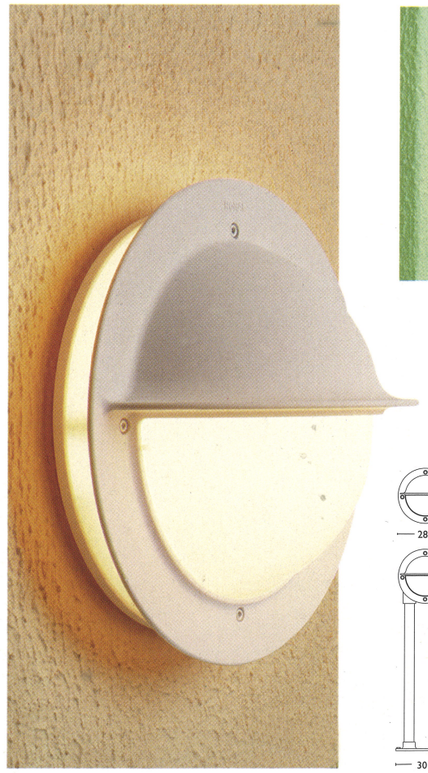
The lanterns are made of Polysealed aluminium, with shatterproof, opalescent white lenses in polycarbonate.

NEWPORT
Wall and ceiling fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white

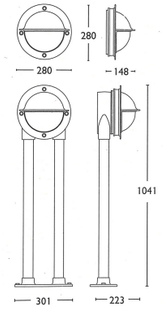


PORTLAND
Wall and ceiling fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white



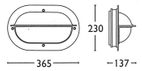


Bracket M1

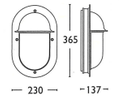


PORTO
Wall fitting and bollard
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Brackets: C, M1 (see page 3)
Colours: Black, white and red (RAL 3004)

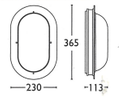
MARBELLA
Wall fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white



MALAGA
Wall fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white

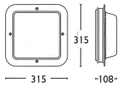


ST TROPEZ
Wall and ceiling fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white

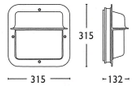


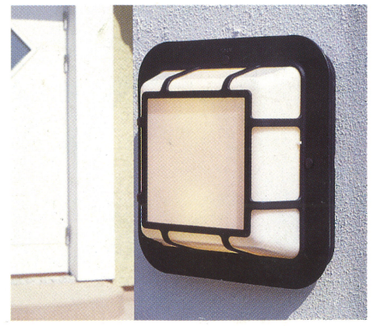
FIRENZE
Wall and ceiling fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white

SANTA CRUZ
Wall and ceiling fitting
Incandescent bulb: Max 2x60 W
Compact fluorescent: 2x18 W
Colours: Black, white

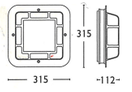


GRANADA
Wall fitting
Incandescent bulb: Max 2x60 W
Compact fluorescent: 2x18 W
Colours: Black, white



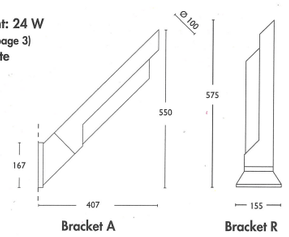


MILANO
Wall and ceiling fitting
Incandescent bulb: Max 2x60 W
Compact fluorescent: 2x18 W
Colours: Black, white



GOLF
Wall fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white

ATLANTIS
Compact fluorescent: 24 W
Brackets: A, R (see page 3)
Colours: Black, white

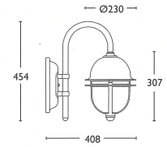


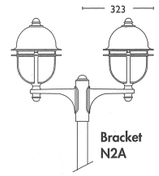
Bracket A

Bracket R

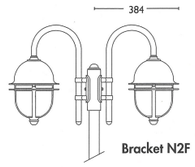
Bracket F

SEVILLA
Incandescent bulb:
Max 75 W
Compact fluorescent: 18 W
Brackets: A, F, R1,
N2F, N2A (see page 3)
Colours: Black, white



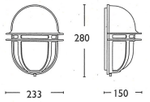


Bracket N2A

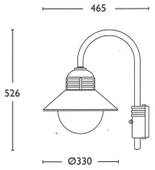


Bracket N2F

TOLEDO
Wall fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 18 W
Colours: Black, white



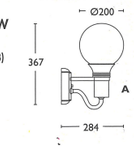
NOVA III
Incandescent bulb: Max 100 W
Compact fluorescent: 18 W
Brackets: F, N1, N2 (see page 3)
Colours: Black, white



Bracket F

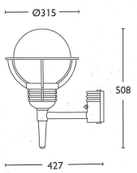
OPERA
Incandescent bulb: Max 100 W
Compact fluorescent: 18 W
Brackets: A, R1,N3 (see page 3)
Colours: Black, white

Bracket A

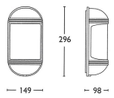


Bracket A

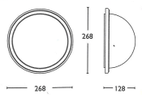
EXPO III
Incandescent bulb: Max 100 W
Compact fluorescent: 18 W
Brackets: A, N1 (see page 3)
Colours: Black, white



DOMINO
Wall fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 13 W
Colours: Black, white

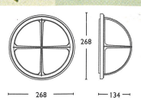


VEGA
Wall and ceiling fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 2x9 W
Colours: Black, white



The lanterns are made of Polysealed aluminium, with shatterproof, opalescent white lenses in polycarbonate.

COLUMBUS
Wall and ceiling fitting
Incandescent bulb: Max 60 W
Compact fluorescent: 2x9 W
Colours: Black, white



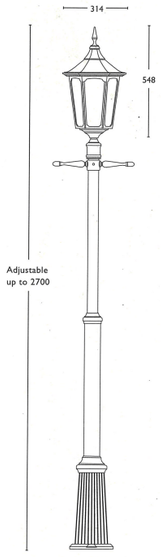
THE CARDINAL FAMILY

The Cardinal family includes lanterns in different sizes but with the same design. They are made of Polysealed aluminium, with shatterproof, smoked lenses in polycarbonate.

Bracket E1

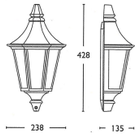
CARDINAL

Incandescent bulb: Max 200 W
Brackets: A, F, E1, E2, D2, R2 (see page 3)
Colours: Black, white and patinated green



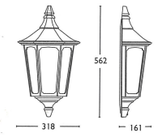
SENATOR

Wall fitting
Incandescent bulb: Max 60 W
Colours: Black, white and patinated green



CITADEL

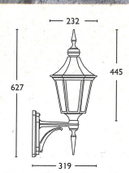
Wall fitting
Incandescent bulb: Max 100 W
Colours: Black, white and patinated green



Bracket A

REGENT

Incandescent bulb: Max 100 W
Brackets: A, F, E2, E3 S, D1, R1, D3 (see page 3)
Colours: Black, white and patinated green



REGENT MINI

Incandescent bulb: Max 60 W
Brackets: A, F, R0 (see page 3)
Colours: Black, white and patinated green

Bracket F

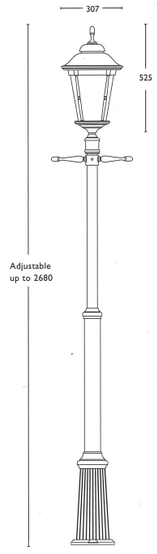
Bracket E1

THE PARK FAMILY

The Park family includes lanterns in different sizes but with the same design. They are made of Polysealed aluminium, with shatterproof, smoked lenses in polycarbonate.

PARK

Incandescent bulb: Max 200 W
Brackets: A, F, E1, E2, D2, R2 (see page 3)
Colours: Black, white and patinated green



PRINCE

Wall fitting
Incandescent bulb: Max 60 W
Colours: Black, white and patinated green

Bracket A

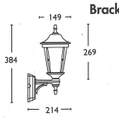
PRINCESS

Incandescent bulb: Max 100 W
Brackets: A, F, E2, E3 S, D1, R1, D3 (see page 3)
Colours: Black, white and patinated green

Bracket A

PRINCESS MINI

Incandescent bulb: Max 60 W
Brackets: A, F, R0 (see page 3)
Colours: Black, white and patinated green

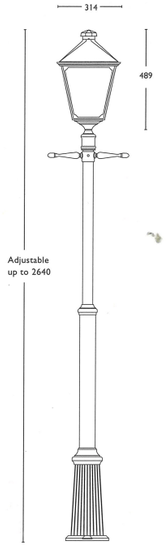


Bracket E1

THE CLASSIC FAMILY

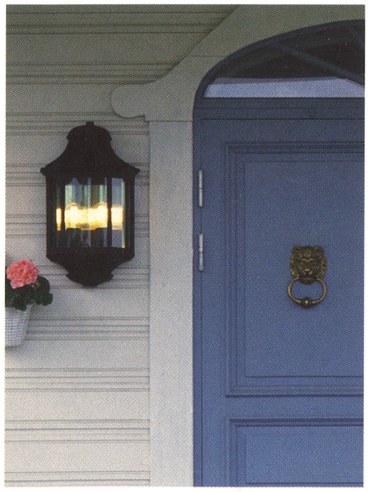
CLASSIC

Incandescent bulb: Max 200 W
Brackets: A, F, E1, E2, D2, R2 (see page 3)
Colours: Black, white and patinated green



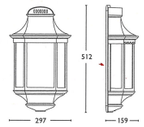
VILLAGE

Wall fitting
Incandescent bulb: Max 60 W
Colours: Black, white and patinated green



CITY

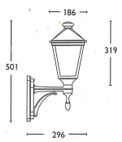
Wall fitting
Incandescent bulb: Max 2x60 W
Colours: Black, white and patinated green



Bracket A

TORINO

Incandescent bulb: Max 100 W
Brackets: A, F, E2, E3 S, D1, R1, D3 (see page 3)
Colours: Black, white and patinated green



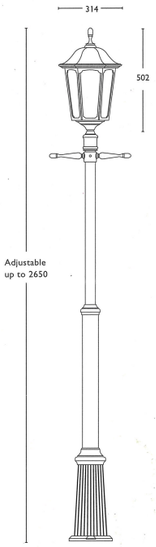
THE PLAZA FAMILY

The Plaza family includes lanterns in different sizes but with the same design. They are made of Polysealed aluminium, with shatterproof, smoked lenses in polycarbonate.

Bracket E1

PLAZA

Incandescent bulb: Max 200 W
Brackets: A, F, E1, E2, D2, R2 (see page 3)
Colours: Black, white and patinated green



Bracket R0

PLAZA MINI

Incandescent bulb: Max 60 W
Brackets: A, F, R0 (see page 3)
Colours: Black, white and patinated green

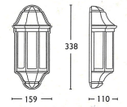
Bracket A

ALLEGRO

Incandescent bulb: Max 100 W
Brackets: A, F, E2, E3 S, D1, R1, D3 (see page 3)
Colours: Black, white and patinated green

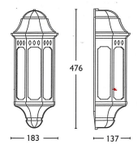
CAPRI MINI

Wall fitting
Incandescent bulb: Max 60 W
Colours: Black, white and patinated green



CAPRI

Wall fitting
Incandescent bulb: Max 100 W
Colours: Black, white and patinated green



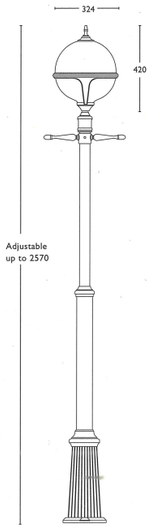
THE ROULETTE FAMILY

The Roulette family includes lanterns in different sizes but with the same design. They are made of Polysealed aluminium, with shatterproof, smoked lenses in polycarbonate.

Bracket E1

ROULETTE III

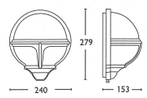
Incandescent bulb: Max 100 W
Brackets: A, F, E1, E2, D2, R2 (see page 3)
Colours: Black, white and patinated green



Bracket A

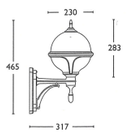
PROVENCE

Wall fitting
Incandescent bulb: Max 60 W
Colours: Black, white and patinated green



ROULETTE II

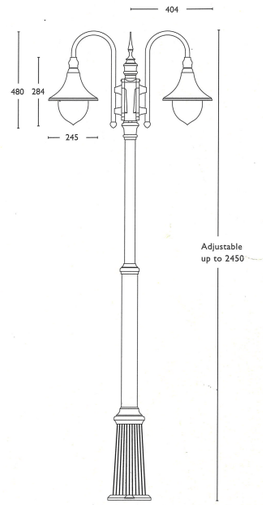
Incandescent bulb: Max 60 W
Brackets: A, F, E2, E3 S, D1, R1, D3 (see page 3)
Colours: Black, white and patinated green



Trumpet bracket F

Bracket E3 S

Incandescent bulb: Max 75 W
Brackets: F, E2, E3 S (see page 3)
Colours: Black, white and patinated green

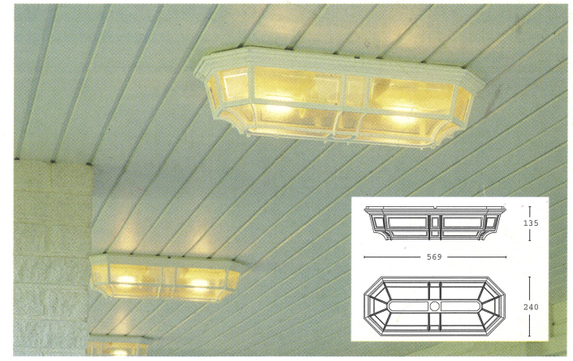


FLORENCE

Wall and ceiling fitting
Incandescent bulb: Max 60 W
Colours: Black, white and patinated green

APOLLO

Wall and ceiling fitting
Incandescent bulb: Max 60 W
Colours: Black, white and patinated green



ORION

Wall and ceiling fitting
Incandescent bulb: Max 2x60 W
Colours: Black, white and patinated green

AQUA

Wall fitting
Compact fluorescent: Max 11 W
Colours: Black, white
